COR-2494-64

Copy 2 of 7

1 June 1964

MEMORANDUM FOR : Chief, Contracts Division, OSA

SUBJECT : Acceptance of CORONA Equipments  
(Form DD-250)

25X1A

1. As this office has no technical control or cognizance of the CORONA program, nor any contact or control over the SE organization at [REDACTED] we cannot receive or accept equipments delivered under this contract.

2. I have made efforts to have the SE organization responsive to this office, meeting their obligation to inform us of their recommendations and observations on the testing, notations of waivers recommended, etc., but have not been successful.

25X1A

3. [REDACTED] office has assumed the prerogative of acceptance on certain portions of the shipments. While I understand that the contracting officer does not recognize the acceptability of the signature, that office does have technical responsibility, as well as effective communication with SE. Their acceptance, to date, has been exercised only on major items, and has been limited to the DD-250 form, not to the Certificate of Inspection and Initiation of Shipment.

25X1A

4. If it is the desire of the Contracts Division that this office continue to accept shipments, we will have to advise the [REDACTED] office and the contractors; subsequently I will arrange either to be present at appropriate times at [REDACTED] or secure adequate review by [REDACTED]

25X1A

25X1A

5. I return herewith twenty (20) separate DD-250's, received by this office recently. Please advise action to be taken.
